Australian Unity Pro-D High Growth Fund ARSN 160 420 986

Changes to the fees and costs in the Fund's PDS

Following a review of the expenses associated with the Fund, the Responsible Entity has decided to recover an amount from the assets of the Fund, for some of the expenses incurred in connection with the day-to-day operation of the Fund. The change will be effective 1 November 2017, and is separate to management and performance fees.

Expenses which may be recovered are those expenses generally incurred in the day-to-day operation of the Fund and include, for example: registry costs, legal, custodian services, compliance and related administration functions, accounting, printing, audit and asset management fees. We estimate these to be around 0.05%p.a.¹ of the net assets relating to the Fund each financial year ending 30 June. Recoverable expenses are accrued as and when incurred by the Fund, and therefore the amount recovered each month may vary.

There is no change to the current management fee of the Fund.
